What we've been up to in the past fortnight!

Over the last week, the children have enjoyed participating in play as a group activity. They were creating the emoji faces and pretending to sell them to their friends, using rocks they had collected as currency. It was a creative activity and helped in building the relationships with their friends. (Photo. 1)

We have finally finished our snakes on the family tree and our creative sea animals from the children. We were colouring the sea animals and the children chose the spots to place the sea animals. We are so proud of our artworks and we talked about sea animals with the children and shared information and experiences about the sea animals. (Photo.2)

By participating in an art and craft activity, doing ORIGAMI, the children were able to develop their creative skills and fine motor skills to make origami by folding the paper following the instructions in the books. The children were assisted by staff to lead them with how to do the origami. (Photo.3)

We were having shows presented by the students. The children were grouping themselves to perform their own shows. They made the stage and tickets for the audience. Then they were taking turns to show their performances. The children were having fun watching and performing so well. We loved the shows and we also invited parents to sit down and watch the shows with us. (Photo.4)

We had a discussion with children about the medical emergency drill, detailing the important points of practicing and the procedures before we simulated the drill. The children participated well in this drill. (Photo. 5)

We were making Father's Day cards with the children and colouring in the cards. The children were concentrating hard and enjoyed creating the cards for their dads. (Photo. 6)

We were playing board games after 5.30 pm. The children were enjoying playing and have been participating well in these group game activities. For outside activities, we were playing footy, soccer and tag with the children.

What we have planned for the next fortnight!

During the next fortnight, we will be starting to decorate our family tree with a spring theme. We will use the wool to create our masterpieces. We are also going to plant some flowers in the spring season. The children will be planting the seeds and looking after their flowers.
