OUR MONTH - February

Our focus this month was to establish/re-establish relationships through team activities which involve collaboration! We have been doing fun art activities under the tree, enjoying the beautiful weather. One of the highlights was the under the sea theme which involved plate painting and making sea creatures out of modelling foam. Others chose to build an aquarium using Lego for our sea creatures. We played many sports games as a team. Please ensure you book your children at least a day before so that we can make sure that we have adequate number of staff to provide a quality service for the children! **Your TheirCare Team**
