Best Practice in Screen Use for Education

Parent Seminar

Join us for a practical seminar drawing on findings from the *Best Practice in Screen Use for Education* research project.

The seminar will cover:

- How are NSW students using screens at school and at home?
- What technologies do NSW teachers use for teaching and students for learning?
- What digital skills gaps do students have?
- What is the nature of student distractions and how can parents help?
- How to work with your child's school to support healthy and effective screen use across school and home settings?
