Parent(s) Signature: _____

“ Parents are the first educators in faith of their children. Therefore the continual development and enrichment of every parent's individual faith is encouraged and is highly commended.

Opportunities for participation in personal faith development are available for entire school communities where liturgy, sacramental programs and prayer is provided within the St. Andrew's parish/school environment. Parents are encouraged to participate in these opportunities when offered by their local school or St. Andrew's parish.”
