

Hackham Community Centre

AUSLAN GROUP TERM 4

We are pleased to announce that the Hackham Community Centre has been working to provide the Deaf/HOH and Auslan communities with a space to connect with other parents down south!

This is a playgroup aimed at parents/caregivers and children who use Auslan as their first language. It aims to provide individuals a sense of belonging to community and form connections with others who use Auslan as their first language.

We have a laidback program with some fun activities which we are looking forward to facilitating and connecting with everyone.

HACKHAM COMMUNITY CENTRE
