

Greetings All

I am a fan of John Hughes. If you ever want to be inspired, get along to one of his talks.

If success = setting goals, then achieving them, John Hughes is successful.

He wanted to become the best car salesman in the world, and he did it. Four times!!

John Hughes is also Money Smart.

He wouldn't:

- ⇒ spend a fortune on car or a uni course he wasn't sure of, or
- ⇒ pass up scholarship money because he didn't know how to apply, or
- ⇒ waste his superannuation contributions because he didn't understand the system.

John Hughes couldn't afford to go to uni. He tried lots of jobs before he discovered that

exceeding customer expectations was his passion.

Whatever your passion, you also need to become money smart about how you start to earn a living.

In this issue you can find how to check the cost of a uni course, register for scholarship information and make sure you are superannuation savvy.

There are lots of tips on how to be Money Smart as you transition from school.

UniReady in Schools – New Non ATAR Pathway to Curtin

There were some doubts about the future of Curtin's UniReady program at one stage. In response to enquiries the Vice Chancellor of Curtin, Debbie Terry wrote:

I would like to reassure you that this program is not being cancelled. Given the unprecedented demand from schools, we are open to expanding the pilot program for those schools that meet our criteria. Whilst ATAR will continue to be an important route to higher education, we believe this program has the potential to increase access for additional capable students. As we progress, we will be evaluating the pilot program and consulting with schools, SCSA and TISC.
