

## ACCOMMODATION FOR RELOCATING EDUCATION PROFESSIONALS AND FAMILIES

Taking up a new teaching role is an exciting opportunity, particularly when it's in a new location.

We know that connecting with new students, families, colleagues and a new community is easier when you feel safe, engaged, welcome and supported when it comes to your accommodation. ACR's signature personalised service is delivered by a passionate, experienced and dedicated team. Our focus on privacy, security and comfort creates a place that feels like home.

Aligned Corporate Residences Kew's serviced apartments and townhouses are within walking distance of some of Victoria's best schools and are close to the state's leading tertiary education providers.

We understand that it can be challenging to relocate away from family and friends. At ACR, we encourage and support social connections through our hosted resident events. Join our team and other residents for breakfast, lunch, dinner or nibbles, share experiences and stories, and form friendships to enhance your time with us.
