

20 February 2023

Dear Owner / Occupier

## Upcoming major works in March and April

The second stage of the Hurstbridge Line Duplication will deliver further improvements, including more train services, less crowding on peak trains and better connections to public transport in Melbourne's northeast.

We are gearing up for six straight weeks of major construction from mid-March to get your new stations at Greensborough and Montmorency ready for use, complete platform and pedestrian crossing upgrades at Diamond Creek Station, and complete 3.5km of new rail track duplication on the Hurstbridge Line to allow extra services to run.

We will have trains running at the new Greensborough and Montmorency stations from **Sunday 30 April 2023**.

During these major works, we will need to undertake work at night across project sites. We will be in touch with any directly affected residents.

### Upcoming works in March and April

- Works in the existing Montmorency Station carparks will begin from **late February 2023**
- 24-hour major construction works along the rail line in Greensborough, Montmorency, Diamond Creek, and Wattle Glen from **9pm Thursday 16 March to 3am Sunday 30 April 2023**
- Construction along Station Road and Old Para Road Court for the new shared walking and cycling path between Greensborough and Montmorency stations

### What to expect

- Overnight noise, dust or vibrations from heavy machinery working throughout the rail corridor and locations around the Montmorency Station precinct
- The use of light towers and generators for night works across project sites
- An increase in heavy vehicles using local roads for haulage and deliveries to site
- The use of Petrie Park as a laydown area for construction materials
- Vegetation pruning
- Changes to on-street parking on Station Road and Mayona Road
- Traffic management and detours in place to help you move safely through the area - please check local signage for up-to-date detour information
