WEEKLY BIBLE STORY

DAVID & GOLIATH (1 Samuel 17)

David and Goliath is a story about trusting God, even when facing something that seems impossible.

The Israelites were at war with the Philistines. Every day, a giant warrior named Goliath challenged the Israelites to send someone to fight him, but everyone was too afraid. David, a young shepherd who had come to deliver food to his brothers, heard Goliath mocking God and His people. David believed that God would help him defeat the giant.

Instead of wearing heavy armour or using a sword, David took his sling and five smooth stones. As Goliath laughed at him, David declared that the battle belonged to the Lord. David slung a single stone that struck Goliath on the forehead, causing him to fall to the ground. David then defeated Goliath, and the Philistine army fled.
