### Term 4,

### Week 4 & 5, 2021

During week 4 the children explored the country of England. Some of the activities the children participated in were, colouring in the English flag, played a game of cricket (national sport of England), watched the Paddington Bear movie, made crowns out of coloured paper and gems, and we also had a tea party with yummy scones. The tea party activity was a big hit and the children have asked if we are able to do it again soon.

During week 5 our theme for the week was 'Halloween'. The children were involved in lots of arts and crafts such as: Halloween pumpkin baskets, mask decorating and making bats, spiders and ghosts out of different materials. The children get very excited when this time of year comes around and are always very eager to join in the spooky activities.

#### Reminder:

**As it is Term 4, the children need to be wearing hats when playing outside. If you could please provide your child/ren with a spare labelled hat to leave at the program. NO HAT NO PLAY!**
