

Participate in the Parent and Carer Consent & Respectful Relationships Education Survey

Dear Parents and Carers,

Catholic Schools NSW (CSNSW) is committed to fostering a safe and supportive learning environment for all students, including through the **Consent and Respectful Relationships Education (CRRE) Project**.

We need your valuable insights! In collaboration with the Council of Catholic School Parents NSW/ACT, CSNSW has commissioned the Australian Catholic University to conduct a survey.

The purpose of this survey is to understand:

- Your experience of your child's CRRE education.
- The challenges you may face in discussing these important topics.
- What support you need to continue this essential education at home.

Your feedback is crucial in shaping the future of CRRE programs in Catholic schools.

Click on the link below to participate in the survey:
