

BIGGER THAN THIS

Anti-Racism
Program Youth
Working Group

want to help develop an

ANTI RACISM

PROGRAM

for young people
in schools?

If you're:

- ▶ **aged 15-25,**
- ▶ **keen to see an end to racism,**
- ▶ **and willing to try and do something about it,**

then you should consider applying to join the **Bigger Than This – Anti-Racism Program Working Group**

what is it?

As a member of the Working Group, you'll provide advice to the Victorian Equal Opportunity and Human Rights Commission on the design, development, and delivery of a secondary school-based anti-racism and mental wellbeing program.

Working together with the program funders, VicHealth, we'll be:

- aiming to increase knowledge about the harmful effects of racism
- reducing racism from happening in Victorian schools, and
- empowering young people who might experience racism to take a stand against it and protect their health and wellbeing.
