

KELLY CLUB AITKEN NEWSLETTER TERM 1

We can't believe we are already in the middle of Term 1!

This term the children have been engaged in many different themes and activities whilst at the program. Some of the themes we have done so far this year include, Get to know me, Valentines, healthy eating and kids pick. The children have been very engaged and enthusiastic.

Some of our most popular activities for this term include playing soccer, making chocolate truffles and strawberry milkshakes, group games, guess the food challenge, science experiments and learning about healthy eating.

The number of children has also been increasing, both in the mornings and afternoons. We have really enjoyed meeting the new children and families that have been attending and how well they have adapted into the program.

Important Updates-

An email was sent out to all OSHC families to complete the re-enrol function. Please ensure you complete this as it is an update to our system. If you have any questions please contact us.
