<https://uacdigital.easywebinar.live/registration>

10 most popular uni courses in 2022

Year 12 students from the class of 2021 are heading to university and we've compiled a list of the most in-demand courses. Medicine and Business are top of the list!

Here are the top 10 most popular courses among UAC applicants in 2022

<https://www.uac.edu.au/media-centre/news/top-10-most-in-demand-courses-for-2022>

Top tips for starting university

The paperwork is done: you've accepted your uni offer and enrolled. But what can you expect when you actually arrive on campus?

We asked current students for their top tips for starting university.

<https://www.uac.edu.au/media-centre/news/top-tips-for-starting-university>

UNIVERSITIES

University of Wollongong 360 Virtual Tours

Select a scene below to begin your tour. Use your mouse to pan across each scene or simply let the auto-scroll run through the scene for you. You can easily navigate between each scene by using the drop down menu or the previous and next arrows at each side of your window. Alternatively, virtually walk through using the hotspot icons within each scene. To tour the South Western Sydney Campus, click on the blue 'Campus Scenes' button below and select the 'South Western Sydney Campus'.

<https://www.uow.edu.au/about/locations/campus-map/virtual-tours/>

UNSW 360 Virtual Tour

Tour through UNSW on your mobile or PC. Explore the different departments and see what University life is like. Imagine yourself enjoying the experience of studying in a tertiary environment and making new friends along the way. Some of the greatest things happening on this planet are being developed in the labs and study rooms at UNSW. Check it out here:

UNSW Girls In Engineering Club Launched for 2022

Registrations are open for our new GIE FEAS Program!

We've launched a new pathway program into UNSW Engineering via the Girls in Engineering (GIE) Club - the [GIE FEAS Program](#).

This program is for female-identifying high school students in Year 11 and 12 who will be applying for an eligible engineering degree at UNSW and are expecting an ATAR within the FEAS (Faculty of Engineering Admissions Scheme) eligibility range.

If you have students who want to make a difference in the world, have an interest in engineering, are keen to undertake a unique global engineering experience learning about sustainable and innovative technologies, and want to develop key skills that would be beneficial for the commencement of any engineering degree, this is the program for them!

The program is capped at 100 places and commences mid-February.

For more information about the program please visit the [GIE FEAS Program webpage](#) or watch this short [3-minute clip](#) designed for educators.

[Click here for more information.](#)

University of Sydney Shape Your Future – Year 10 Subject Selection

1 March . 4.30pm

Through this presentation you will learn how to:

- Connect Career Paths to Higher Education – Linking career pathways to different higher education options.
- University Essentials/FAQ's – Learn about university prerequisites, why it is important and its impact on your Year 11 and 12 study and transition into university.
- Prepare for Subject Selection – Tips on what to consider when picking your subjects for Year 11 and 12.

https://uni-sydney.zoom.us/meeting/register/tZcscuGtgT0tGtE8pM_IXMxN976L0q27ny9B

University of Sydney Experience the Law

9 March 2022. 4pm

Experience a day in the life of a law student and immerse yourself in an interactive case study.

https://uni-sydney.zoom.us/webinar/register/WN_E1HvtLFTTliGNWUpqQyAOw

University of Sydney - Life as a Veterinarian

23 March, 2022. 4:00pm

Have you wondered what the day-to-day life of a veterinarian is like? And how you would become one? Join this session and learn about what veterinary medicine is about, what an average day of work might be like for a veterinarian and how you can pursue studies towards becoming a vet yourself.

Home to the best veterinary school in Australia, and 16th in the world*, the University of Sydney leads in veterinary education, animal science and research. This means you will be taught by world-leading animal health and veterinary scientists from the moment you set foot on our campuses, and will gain the skills to make a difference to the health and welfare of animals all around the world.

https://uni-sydney.zoom.us/webinar/register/WN_WeqhJBwSTTK7PjHjJAx9FQ

University of Sydney - Life as a Psychologist

6 April, 2022. 4:00pm

Have you wondered what the day-to-day life of a psychologist is like? And what does it mean to be a psychologist? Join this session and learn about what psychology is about, what an average day of work might be like for the different types of psychologists and how you can pursue studies towards becoming one yourself.

The University of Sydney is ranked 30th* in the world for psychology, reflecting our reputation for quality research and education in this area. Immerse yourself in the fascinating world of human behaviour and cognition and learn how our leading psychologists and psychological scientists share their knowledge and experiences in the classroom, so you can be at the forefront of innovations in the field.

https://uni-sydney.zoom.us/webinar/register/WN_4PFpflj9QoKUY4VFWAFtNw

Sleek Geeks Science Eureka Prizes 2022!

Entrants are invited to start working on their films now, ahead of the online entry system opening on Wednesday 2 March 2022. You will not be able to submit your entry before this date.

Entry Deadline, 7pm AEST Friday 6 May 2022

Sponsored by the University of Sydney, the Sleek Geeks Science Eureka Prize encourages students to communicate a scientific concept in a way that is accessible and entertaining to the public while painlessly increasing their science knowledge or, as prize patrons Dr Karl and Adam Spencer like to say, "Learn something without even noticing". It is intended to support budding young scientists across the nation, who will be our future leaders in research, discovery and communication.

Charles Sturt University Medicine Information Night - Interested in a career in medicine?

Tuesday 29 March 2022, 6.00–7.30pm

Come to our free online medicine information night and discover everything you need to know about our five-year undergraduate entry degree – the Doctor of Medicine. Based at our Orange campus in regional NSW, the Joint Program in Medicine is offered by Charles Sturt in partnership with Western Sydney University.

Whether you're in high school, looking for a career change or keen to take the next step in your health career – this information night is for you! Parents and career advisers are also welcome.

We'll start with an overview of the course and our facilities, entry requirements and how to apply.

We'll tell you about clinical placements, career opportunities, support services, scholarships and more. You'll learn all about the University Clinical Aptitude Test for Australia and New Zealand (UCAT ANZ) and hear about the experiences of rural and regional doctors.

Get to know our School of Rural Medicine team, have all your questions answered and hear from our current students about their experiences studying medicine.

Book your spot!

<https://engage.csu.edu.au/medicine-info-nights>

Campus Tours and Consultations at Charles Sturt

Come and get a feel for uni life and see what's possible at Charles Sturt. Book a tour time that suits you – we're available on any working day of the year. You'll go behind the scenes with one of our current students and check out our amazing learning and teaching facilities, student amenities and support services

Book now:

<https://www.csu.edu.au/contacts/campus-tour>

Students can also book in personalised study consultations with the Future Students team to discuss course options. Get a one-to-one consult with a friendly Charles Sturt adviser.

Book a 45-minute consult to get all your questions about uni answered. Discover the courses that will get you into the career you're looking for, and learn how easy it is to apply to Charles Sturt University:

<https://study.csu.edu.au/contact-us/consult>

<https://www.mq.edu.au/study/high-school-students/events>

Sydney UTAS – Nursing in 2 years fast track degree

When you study the Fast Track Bachelor of Nursing with the University of Tasmania in Sydney, you become part of a community that trains you to provide the highest quality health care in Australia and beyond.

Six full-time semesters across two years allow you to fast track your way into the workforce as a registered nurse.

You will study on our Rozelle campus, where you will be supported by a well-equipped simulated learning environment. During the course you'll also be given the opportunity to undertake work placements in both rural and metropolitan healthcare facilities. You will develop the knowledge and skills – and perhaps most importantly, the attitude – needed to offer the highest quality health care. You will learn the best practices for the provision of patient-centred care, safety and quality in practice, and research and evidence based practice in nursing.

The two year fast-track Bachelor of Nursing course is offered through the Rozelle campus in partnership with the Sydney Local Health District, South Western Sydney Local Health District, South Eastern Sydney Local Health District and Illawarra Shoalhaven Local Health District.

Bachelor of Nursing Fast Track courses are also offered at

our [Darlinghurst](#) and [Hobart](#) campuses for eligible students. Please note the Fast Track courses are non-transferable.

<https://www.utas.edu.au/courses/chm/courses/h3r-bachelor-of-nursing-fast-track-rozelle>

Apply Now - Experience in 2022 a week as a Marine Biologists - UTAS Marine Discovery

This predominately field-based unit consists of 5 days on picturesque Maria Island on the Tasmanian East Coast. The unit is open to 24 students and is designed to engage, challenge, excite and inspire you through a hands-on marine science program. It will encourage you to explore issues threatening biodiversity as well as the productivity of the marine system. Climate

change, invasive species, pollution, debris and their associated social and economic impacts will be covered.

Apply here:

<https://secure.utas.edu.au/imas/study/undergraduate/marinediscoverycompetition>

From Antarctica to Outer Space - The University of Tasmania's online activities for students

27 February. 1.30pm to 2.30pm

Antarctica is one of the most extreme and unusual environments on Earth. This presentation will explore the lessons we have learned about human psychological health and performance in Antarctica and how we can apply this knowledge to a range of other environments including space, and our current experiences of the COVID-19 pandemic.

https://www.utas.edu.au/events/2022/february/from-antarctica-to-outer-space?SQ_DESIGN_NAME=new&SQ_PAINT_LAYOUT_NAME=new

Bond University Year 12 Extension Program 2022

Are you in Year 12 and want to get a head start when it comes to getting into university?

The Bond Business School Year 12 Extension Program is a two-day workshop where students gain an insight into university life to assist the transition from high school to university. Our world class academics will facilitate the opportunity for students to experience an enrichment of the senior school syllabus through real world applications and the use of 21st century skills.

Upon successful completion of the two-day program, students will have the opportunity to receive one of six Year 12 Extension Program Scholarships valued at 50% and 25% of tuition fees or a \$5,000 bursary.

<https://bond.edu.au/extensionprogram>

Open Universities Australia

When you choose Open Universities Australia, you get more than online study. You get to choose between some of Australia's leading universities RMIT, Macquarie, Swinburne and many more.

You can pick a degree, work your way through the course when and where it suits you, and then graduate with the same qualification as an on-campus student.

Along the way if you're ever unsure about anything, an extensive network of expert support services most of them entirely free are just a call or a click away.

What are you waiting for? Click on a course below to find out more

<https://us5.campaign-archive.com/?u=c8596eaa07dfb7895c61cfe9c&id=912c62d390&e=3e20277061>

University of Melbourne – 2023 The Hansen Scholarship Program Open

Closes 9 March 2022

Valued at \$108,000

The program brings together an unrivalled package of benefits for high-achieving students who may otherwise struggle financially to access higher education.

Some benefits include:

- an allowance of \$4000 per year for general living expenses for the standard full-time duration of the undergraduate degree.
- full fee remission for asylum seekers who would otherwise have to pay international fees.
- a one-time grant of up to \$4000 to support an approved activity for the Scholar's development such as an international exchange, an international subject, an internship or similar role.
- access to a mentoring program, pastoral care, and development programs available to all students at Little Hall as well as a tailored program of mentoring and support exclusively for Hansen Scholars.

<https://scholarships.unimelb.edu.au/awards/hansen-scholarship>

University of Melbourne – Year 12s - Join the Aspiring Scholars community in 2022

We are now inviting high-achieving secondary students in their final year, who live in Australia outside of Victoria or in New Zealand, to join our online community of Aspiring Scholars.

Connect with other students interested in moving to Melbourne to study at the University of Melbourne and gain exclusive access to the Aspiring Scholars 2022 Facebook group.

Apply now to access:

- Get to know an Australia/NZ-wide network of like-minded high achieving students
- Uncover our University community and get a taste of life at Melbourne
- Have access to a dedicated staff member for support and to answer any questions you have throughout the year
- Receive exclusive invites to webinars and information sessions on topics related to the Melbourne curriculum, choosing the right degree, finding accommodation and help with applying through the Victorian Tertiary Admissions Centre (VTAC)
- Be invited to meet staff members and other Aspiring Scholars in your state at networking events (dependent on travel restrictions)
- Have the chance to win a trip to the University of Melbourne's 2022 Open Day for you and a parent/guardian so you can explore the campus yourself (dependent on travel restrictions).

Over 1000 Apprenticeships & Traineeships now available

The Apprentice Employment Network represents 30 Group Training Organisations across NSW and the ACT. Group Training is a training and employment arrangement where an organisation, known as a Group Training Organisation or GTO, employs apprentices and trainees under an Apprenticeship / Traineeship Training Contract and places them with host employers.

A GTO assumes the employer responsibilities for the quality and continuity of the apprentices' and trainees' employment and training. The GTO also manages the additional care and support necessary to achieve the successful completion of the training contract. Our industry has 100s of positions available throughout the year. Use this website to assist in finding out more about our members, opportunities and tips to find a job.

See current positions here:

Tocal Farming Competitions

April 29, 30 & May 1 , 2022

A wide range of opportunities. Fun to do and great prizes to be won. Here are the fields:

- Hospitality
- Science
- Talent Quest

<https://www.tocalfielddays.com/entertainment>

Tocal Field Days

April 29, 30 & May 1 , 2022

This is a fantastic educational opportunity for students of all ages.

We provide a special bus parking area inside the event where you will be met by our 'Schools Coordinator' who will provide a safety briefing and a site induction.

There are a number of shade shelters throughout the event where you can meet for lunch.

'Tocal on Show' showcases everything about Tocal College including horse demonstrations, sheep dog trials as well as safe quad bike and motorbike demonstrations.

Our Special Feature for 2022 is 'Grow' demonstrating how the Ag sector is growing and a part of our everyday lives.

Whilst at the event you can also catch the shuttle bus to the fishing clinic and the Homestead.

<https://www.tocalfielddays.com/schools-1>

TABMA Construction Pre-Apprenticeship Programs

Completing a pre-apprenticeship or pre-traineeship course can be a real advantage when applying to an employer for an apprenticeship or traineeship. A pre-apprenticeship or pre-traineeship teaches youth the basic skills of a particular industry, so you bring those skills and knowledge to the workplace when starting an apprenticeship or traineeship. Pre-apprenticeship or pre-traineeship training also gives an employer peace of mind. They know that their new apprentice has experienced the industry before taking on the commitment of an apprenticeship or traineeship and are passionate about the field too! Pre-apprenticeships or pre-traineeships are taught on campus and are conducted within a simulated workplace environment. Pre-apprenticeships or pre-traineeships start at various times throughout the year and come in a variety of formats. One of the most popular is three full weeks of classroom based training and then a week of work experience.

<https://tabmaat.com.au/pre-apprenticeship/>

NIDA Online School Workshops

NIDA is pleased to offer online learning options for preschool, primary and secondary school students and teachers.

Our collaborative approach to designing online courses recognises the expertise of teachers in creating programs that best meet the needs of their school community.

Online sessions can be developed around a variety of curriculum and arts discipline areas and are informed by the work of the NIDA team currently delivering online education to NIDA students across the school.

We have reduced the cost of these workshops to ensure they are as accessible as possible whilst maintaining a commitment to excellence and practice based learning outcomes.

Our maximum class size is limited to:

16 people for a Screen Acting class that includes script work and play back.

25 people for all other workshops.

Working in collaboration with classroom teachers, NIDA can customise online workshops to address curriculum outcomes across all states and territories in Australia. From specialist skills in performance styles to public speaking or technical skills in non-performance disciplines such as film making, design or production we can create a specialised, online program that best suits the needs of your students.

GENERAL

Generation Entrepreneur - Startup 101, A High School Entrepreneurship Program

Startup 101 is a one-day entrepreneurship workshop for high school students.

Throughout the day, the students will be working in teams to participate in a business building competition - brainstorming, researching, designing and presenting their ideas. Startup 101 provides a one-of-a-kind project based learning opportunity for the students where they can develop and apply their creativity, critical thinking, leadership and public speaking skills under a high-pressure environment.

<https://bit.ly/caa-startup101>

What You Need To Know About Your Rights as a Casual Employee

There are several different types of employment arrangements under Australia's workplace laws. One of the most common types that students work under is casual employment. Casual jobs are defined as jobs that usually:

- are short-term or temporary
- involve irregular hours
- aren't guaranteed to be ongoing
- provide extra hourly rate as they don't provide paid holiday leave or sick leave.

Generally speaking, casual employees are employed on an hourly, daily or weekly basis without any commitment – from the employee or the employer – that the job is permanent or guaranteed.

<https://myfuture.edu.au/career-articles/details/what-are-your-rights-as-a-casual-employee>

Gap Year Program Paid Position - LETZ LIVE

Letz Live is partnered with renowned schools in Australia, New Zealand, Thailand and throughout the United Kingdom. These partnerships let us arrange the most comprehensive Gap Year programs for young people who want to take a break after completing their secondary schooling or university education before diving into the workforce.

Whether you just need a break from life at home or you want to immerse in another country's culture, you can count on Letz Live to prepare a worthwhile experience for you. We've felt that way, we've gone on that adventure and we want you to experience it too.

Love Flying? Ask your parents to start planning your 2023 - Avalon International Airshow 3 to 5 March 2023

Showcasing the latest in aviation, aerospace, defence and space technologies

The AVALON Australian International Airshow and Aerospace & Defence Exposition is one of the Indo Pacific's most prestigious events and the most comprehensive aviation, aerospace and defence exposition in the southern hemisphere.

It is also one of the world's great airshows, delivering aviation enthusiasts a three-day festival of historic and modern aircraft display flying, from the very early days of flight to today's fifth-generation military jets. Nowhere else can the Australian public connect with such a large array

of sport and recreational aircraft, business jets, helicopters, unmanned aerial vehicles and the latest military aircraft in service with the Royal Australian Air Force, Royal Australian Navy and Australian Army.

What is the Big Science Competition?

Event runs from 2 May 2022 to 13 May 2022

The Big Science Competition is a 50 minute, multiple choice competition testing science knowledge, critical-thinking and problem-solving skills. Questions are set in real-life, contemporary contexts, making them relatable (and interesting)!

The Big Science Competition is an easy way to challenge students from Years 7 to 10 and track their performance against state or national averages ([find out how you can use the results](#)). Competition questions are aligned with the Australian Curriculum – Science.

Students receive a certificate indicating their performance. The Big Science Competition is a pathway into other ASI science enrichment programs such as the [Australian Science Olympiads](#) and [Curious Minds – girls in STEM](#).

<https://www.asi.edu.au/programs/big-science-competition/>

HSC Preparation Course - Years 10-12 Course: Essay Writing

[Wed 13 Apr 2022 - Thu 14 Apr 2022. 8:30am - 4:30pm](#)

This two-day Essay Writing course focuses on the essay form and related critical thinking, language and punctuation skills for students in Years 10 – 12. The course is relevant to a range of subjects that require the writing of essays for assignments and exams.

We will study how to structure essays, organise ideas and information, and write in appropriate language for assignments and exam essays. There will be an analysis of the essay form and the need for an organised, logical argument with evidence and analytic discussion of the evidence. This will include a focus on appropriate language, rhetoric and punctuation as well as study of the nature of a formal voice, appropriate educated vocabulary for different courses, and the range from a formal to a more conversational voice. Sophisticated punctuation is introduced as a mode of complex thinking. The sections on the body of the essay focus on critical thinking and argument as a combination of a sequence of ideas, evidence and extended analytic comment about evidence.

Country Education Foundation Scholarship Support

A scholarship can help you get on your way to achieving your further study dreams by covering the costs of textbooks, course fees, equipment, accommodation and living costs.

Scholarships are not just about money either – the application process will give you vital skills that will transfer when it comes to applying for jobs and will make you a great candidate. Another thing you will gain from a successful scholarship application is confidence. The knowledge that a panel of people believe in your skills and ability will drive you for years. Search and apply for scholarships right here with CEF's Scholarships Guide. And remember, you'll never know if you don't give it a go!

Search for your opportunities here:

<https://cef.org.au/student-support/search-for-scholarships/>

So you don't have work experience? How to stand out

Tips on how to get experience to impress an employer. It can be hard to get a job if you have no work experience. There are some things you can do to get work experience, even if you haven't worked in a paying job yet. These things will help you stand out without work experience.

<http://www.youthcentral.vic.gov.au/jobs-and-careers/applying-for-a-job/how-to-stand-out-without-work-experience>

University of Sydney - 2022 Kickstart HSC Science Workshops – Biology, Chemistry, Physics

Dates: In 2022, Biology and Physics workshops will be available on various dates in February, June, July and November. Chemistry workshops will be available in June, July and November. Check the [registration page](#) for available dates.

A workshop for HSC science students

Kickstart workshops give HSC students a chance to do experiments and demonstrations of key ideas in the syllabus that are difficult to do in the classroom.

These HSC syllabus-focussed workshops cover key topics and experiments that require equipment or expertise in areas that many schools may not be able to provide. Our expert science communicator teams will walk your students through the theory and then hands-on demonstrations to reinforce these key topics within the University's laboratory facilities.

CSIRO - STEM Professionals in Schools

STEM Professionals in Schools

STEM Professionals in Schools is a national volunteer program that facilitates partnerships between schools and industry to bring real STEM (Science, Technology, Engineering and Maths) into the classroom.

We individually match teachers and STEM professionals so they can work together to increase teachers' and students' STEM skills, knowledge and confidence through a range of activities.

Each partnership is unique as the partners determine what works best for them based on their combined expertise, the curriculum or student needs, and their availability.

STEM Professionals in Schools is supported by the Australian Government Department of Education, Skills and Employment and delivered by CSIRO.

<https://www.csiro.au/en/Education/Programs/STEM-Professionals-in-Schools>

CSIRO Indigenous Cadetship - Plan Ahead

Calling all Australian Aboriginal and Torres Strait Islander undergraduate students! Take on a paid cadetship in an exciting and stimulating workplace with real life projects, excellent career development opportunities, study support and access to the latest research and state-of-the-art technology.

<https://www.csiro.au/en/Careers/Indigenous-careers/Aboriginal-and-Torres-Strait-Islander-Cadetships>

CSIRO Indigenous Traineeship

Developing the next generation of world-class scientists, engineers and staff to support them is critical to building Australia's future science, technology, engineering and mathematics (STEM) and innovation capable workforce, and CSIRO is contributing to this by increasing our engagement in educating, training, and mentoring students.

Here's what you need to know

Our traineeship program offers diverse, multicultural work environments across CSIRO in all areas of science, research and support services, such as human resources, administration, finance, communication, information technology, lab assistants and more.

<https://www.csiro.au/en/careers/career-opportunities/indigenous-careers/Aboriginal-and-Torres-Strait-Islander-Traineeships>

CSIRO Indigenous Time at Sea Scholarship

Aboriginal and Torres Strait Islander uni students the opportunity to join research voyages on RV Investigator.

CSIRO and the Marine National Facility (MNF) are striving to increase access to STEM (science, technology, engineering and mathematics) opportunities for Aboriginal and Torres Strait Islander students.

The ITSS program is open to all Aboriginal and Torres Strait Islander students enrolled in an undergraduate or postgraduate degree at an Australian university. Students must be over the age of 18 and must be studying in a STEM (science, technology, engineering and mathematics) discipline at the time of their voyage.

Opportunities in the ITSS program will be advertised here and on jobs.csiro.au
<https://mnf.csiro.au/en/Education/ITSS-Scholarship>

University of Sydney Union - School Debating in Focus

The USU Debating Society runs four Schools Days throughout the year to encourage participation and excellence in debating amongst high school debaters.

Schools Days

Our Schools Days are an exceptional opportunity to expose students to opportunities available at university and to receive feedback from some of the most qualified debaters and adjudicators in Australia. Many of the USU's debaters have been the Chief Adjudicators of debating tournaments in Sydney and have also coached high school representative teams. All of our Schools Days are hosted at the Camperdown campus of the University of Sydney, and usually occur on Fridays.

At most of our school days, students will watch a demonstration debate and adjudication, and then participate in seminars during the day.

Schools' Seminar Day

For students in years 7-12.

The Schools' Seminar Day is designed to orientate new participants to the often-daunting world of debating and to refine the skills of returning debaters. The day is intended to cater for students of all age groups and skill levels, and designed to kick start students' debating year.

Women's Schools' Tournament Day

For female-identifying students in years 7-12.

This tournament is aimed at female-identifying high school students to give them an extra opportunity to practice debating and to receive feedback from some of the best adjudicators in the country. Women are often at a disadvantage as there are fewer opportunities for girls to debate in high school, which quickly becomes apparent when far fewer girls than boys go on to debate at University. The USU is committed to supporting and promoting women in leadership roles, and providing the opportunity for women of all ages to develop leadership skills through debating.

Schools' Senior Tournament Day

For students in years 9-12.

At the Schools' Senior Tournament Day, students will speak in three rounds of competitive debates and then receive feedback from our highly experienced adjudicators. This tournament day is an excellent mid-year opportunity for students to identify areas for improvement.

Schools' Junior Tournament Day

For students in years 7-9.

Introducing junior students to the fundamentals of debating and then getting them to actually use those fundamentals in their speeches can be one of the greatest challenges for debating coaches. With our highly experienced adjudicators providing detailed feedback to each student

after every debate, this tournament day is a great opportunity for students to develop their debating skills on a Friday at the end of the year.

How - If you would like to register for a Schools Day or want more information about any of the days, please email debatesdirector@usu.edu.au
<https://www.usu.edu.au/Get-Involved/Debates/side-callout/Schools.aspx>

Tech Careers Booming in Finance

Sending cash fast, fighting off crims and protecting our economy: all in a day's work at Australia's Central Bank

Banking has come a long way from coins weighed on old-school scales and hand-written cheques and contracts. Behind the scenes in banking, a technology and innovation boom is underway. And if you want a high-tech career in the world of banking, Australia's Central Bank, the Reserve Bank of Australia (RBA) is where it's at.

<https://careerswithstem.com.au/tech-careers-in-banking-rba/#gsc.tab=0>

NYSF Year 12 Program - Inspiring Australia's Young Scientists 2023

The program will be delivered as a mixed-mode experience – a combination of in-person and digital events.

In week one, students will join their fellow NYSFers for a digital program packed full of amazing STEM sessions, including specialist lectures, speed networking, talks and lectures from renowned STEM experts, careers days, critical thinking, science communication, and more.

In week two, participants have the chance to meet each other in person, see inside amazing STEM facilities and labs in capital cities around Australia, meet researchers and STEM experts, listen to lectures, and learn what a career in science looks like

Register for 2023 here:

Earth Hour 2022 Coming Soon

26 March. 8.30pm

Earth Hour has always been for everyone. Every year, the hour of no power turns individuals, schools, businesses and communities into a millions-strong movement, and it's never been a more important time to make the switch.

This Earth Hour, we're encouraging people everywhere to make the #SwitchforNature to support Australia's switch to a renewables-based economy.

Simple switches you make in your daily life can help our planet. You could:

- Switch to solar power.
- Switch your ride
- Or just #SwitchOff your lights for Earth Hour to show your support for Australia becoming a renewables powerhouse.

<https://www.earthhour.org.au/>
