

Buddy Hands

Early Term 4, students will be given a chance to nominate friends they would like in their class next year. We guarantee at least one friend from their list. The hand is completed at school.

Parent Requests

Please read the parent request letter when it is sent out in Term 4. Parent request forms must be submitted at the office or directly to Nieta by **Friday 15th Nov.** We do not guarantee requests and do not take requests for teachers

Teachers and Leadership consider many factors when placing students in classes. This includes social, academic and emotional needs of each child. We believe that all our students can learn and that building their friendships, both old and new, is a crucial part of a child's education.
