

Sovereign Hill Camp

On Wednesday the 26th of April most of the year 5's and year 6's went to Sovereign Hill camp, there was 58 students, 4 parents and 4 adults that attended this camp.

Wednesday 26th of April I drove to school, grabbed my bag out of the car, I gave Mr. Scicluna my purse, then I walked to the gym to put my bag in the class line. I said bye to my mum and sister and went back into the gym to talk to my friends. Then our teachers walked us out to the basketball court and made a line of year 5s and year 6s, then we put our bags on the bus's and jumped into the bus's. After about an hour we stopped at a park to play, eat and go to the toilet then we drove for about another hour and we stopped at a museum named eureka centre and we had a tour.

Wednesday 26th of April 3:00pm we got to sovereign hill and got off the bus and grabbed random bags off the bus. We did some activities then we ate butter chicken with rice and a paratha at the New York bakery. Then we found out our cabins and made our bed, I had top bunk. Then we went to a theatre and watched a 3d movie we also wore 3d glasses and saw how the world was made, and watched the sound and light show. Then we went to our cabins, got ready for bed, we talked to each other for ages then eventually fell asleep.

Thursday 27th of April. We woke up and got dressed then headed off for breakfast after that we went back to our cabins to brush our hair and teeth. At 9:00am we went to school and dressed up then we walked off to the actual school. We learnt about writing then we went to recess and ate our very soggy snack. We walked around some parts of sovereign hill. Then walked back to school for recess then we learnt some more. Then we went back to lunch with USPS then went back to either St. peters, Wesleyan day school or red hill national school. We learnt some reading then walked back to the costume place to change into our 2023 kids outfits and behaviours. We had some free time (mostly at the lollies shop) then we walked to dinner at Napier hotel and we had spag bowl and for desert we had cheese cake. Then we walked to see a play it was super funny. We went to our cabins, we showered, packed and got ready for bed. In about 5 minutes I was asleep.

Friday 28th of April we woke up and quickly got dressed and finished packing up our bed and our toiletries. Then we walked to eat breakfast. After that we went to dress up school for the last day, the inspector came to our schools and yelled at us and our teachers. We got changed into our normal clothes again, then we did some activities. After, we grabbed random bags, put the bags on the bus then got onto the bus's, my bus partner was Savannah aka savvy, we played UNO and I had a nap. Then when we got to school I saw my mum and she signed me out. On the way home with mum we got pizza for dinner then me my mum and my sister ate some ice cream, then I got ready for bed and fell asleep.

The point of the camp was to learn more about the 1850's, to know more about history, to know what the outfits felt like and what games they played. (The whole classroom was one whole school!)
