Put your creative thinking hat on. How can we make our carnival super exciting for kids?

1. What ideas do you have to promote the carnival to kids in our school, and the **WHOLE** community? (something different!)
2. What could we have, or do, to make the carnival interesting on the day? (aside from rides.)
3. How can we make our carnival the best it's ever been? (for adults and kids).
