

I'm worried about our property
out at happy valley because most
of it is burning and we own
half of it and my Mum and
Dad are out there trying to
fight it. So I'm really worried
about Mum and Dad and
our property. Also out at
our house we live on a
bore and we don't know
how much water is in the bore
so I'm worried that we will

Run out of water too. Also we
are getting lots of spot fires out
at happy valley and I'm worried
that the spot fires will make
more fires. ~~at the~~

Happy Valley is really special to me and my family. We have a fair bit of cattle out there too. And also when we fight the fires we use up water so that's bad too. But if we don't get all the fires out all our property so that's why I'm worried.
