

Uniform Supply Commencing for Term 3 in 2024

Introduction

It is a requirement of enrolment at Good News Lutheran College that all students wear the prescribed uniform. We believe the uniform encourages students to take pride in their appearance, eliminates competition in what students wear, and for families, it is the most economical way to outfit students for their life at the College.

Uniform Supply

From July 2024 the College uniform supplier will be 'Dobsons'. Dobsons operate retail outlets in Australia along with a comprehensive online ordering service. See www.dobsons.com.au for online ordering.

Store Location

GNLC will be serviced online and through the following retail store located at Caroline Springs.

Changeover Period

The college will provide an extended period for changeover for some uniform items (2026/2027). Current uniform items (with old logo) will continue to be supplied at discounted prices until sold out, and items with new logo will only be introduced once previous stocks or sizes are fully exhausted. Some newly introduced uniform items with the new logo will be available for immediate purchase.

Stock is Now Available

The handover from the previous supplier to Dobsons has now been completed. Families are now able to purchase uniform items in person at the Dobsons store, or by phone or online. Upon request, online or phone orders can be delivered to GNLC for collection at the Front Office each Friday afternoon (orders must be placed by Thursday at 12 noon) with no delivery charge incurred. Otherwise, you can have items delivered direct to your home address but with a delivery fee. Note that exchanges and returns must be made direct to the Dobsons store and not via the GNLC Front Office.

From time to time a GNLC 'Pop Up Store' will be arranged on site at the college for the convenience of parents. Details for these will be advertised via Schoolbox in advance. A catalogue of uniform items along with an updated price list will be available soon.
