Future-proofing your child

This century is characterised by disruptive change that is turning our world upside down. Jobs aren't just changing, whole industries are ceasing to exist. The scripts for success are being rewritten on a daily basis in our families, at work and in life. In this webinar Nikki Bush teaches parents what to expect and how to support their kids to thrive in a future world of work.

Key learning and discussion points include:

- Developing a care strategy that builds and sustains long-term relationships
- How teachers can engage parents in their child's learning
- Building confidence to conduct sensitive conversations with parents about their children's learning, wellbeing and behaviour
- Effective methods to support parents with many of their common parenting and family issues
- Techniques to overcome parent negativity and turn adversaries into advocates for the teacher and school
