

Dear Ivanhoe Primary School Community,

Digital disruption is now common-place and the potential of technology in the future world that our students will shape, is something that many of us are coming to grips with right now.

The Digital Learning Technology (DLT) program at Ivanhoe Primary School has been an exciting initiative across both the teaching and student populations.

Our DLT Vision:

Digital Learning at IPS will be irresistibly engaging for students and teachers across all learning areas and domains. Our students will become innovative and confident users of digital technologies, using technology to communicate, collaborate, curate and create, while fostering higher order thinking skills and real life problem solving.

In 2016 we introduced the Digital Learning Technology Co-contribution so that we could build some strong foundations for the achievement of enhanced learning outcomes in this important area.

In 2020 we will be continuing to invest in the tools and knowledge required for teachers and students across all year levels. Our primary focus this year is:

1. Funding ongoing regular technical support;
2. Replacing our end of life devices;
3. Continuing to grow our pool of resources – further increasing student device ratios and other broad access technology tools and resources; and
4. Funding the development and training support for our teaching staff to ensure they are capable and confident with the technology tools in the classroom.

As many will relate to – it is one thing to master new technology yourself, it’s another thing all together to teach it to someone else! We are absolutely committed to providing the tools and building the confidence of our teachers so they can make our DLT vision a reality.

This is a request for payment of a \$119 Digital Technology Co-contribution. Your contribution will play a vital role in helping our students to become innovative and confident users of digital technologies. Who knows what they could invent?!

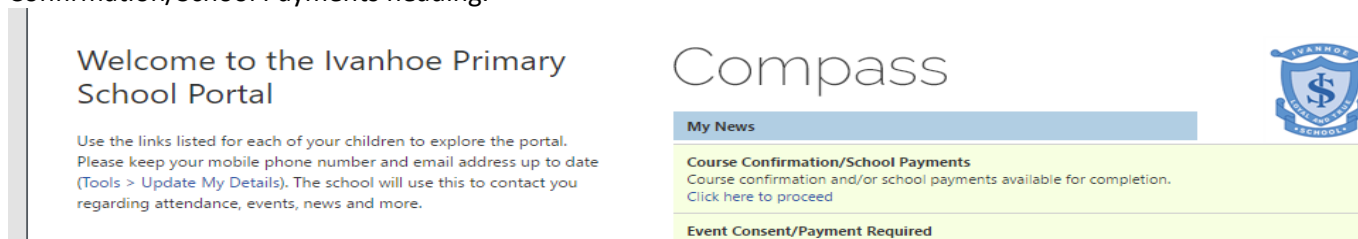

Kind Regards,

Mark Kent – Principal

Where will families find the request for payment?

Families will find details under “My News” on their Compass Home Page (**Web browser NOT APP**). Look for a Course Confirmation/School Payments heading.

The screenshot shows two side-by-side panels. The left panel is the 'Welcome to the Ivanhoe Primary School Portal' page, which includes instructions to use links for children to explore the portal and to keep contact details up to date. The right panel is the 'Compass' website interface, featuring a 'My News' section with a highlighted 'Course Confirmation/School Payments' link and an 'Event Consent/Payment Required' link. The Ivanhoe Primary School logo is visible in the top right corner of the Compass interface.

Please call the School Office on 9499 1880 if you have any queries on how to make payment.
