

GRADE 2 CLASS NEWSLETTER

TERM 2, 2025

FROM THE TEACHERS...

Welcome to Term 2!

After an extended break for the students, we are looking forward to welcoming everyone back to the school.

We have some very important new routines starting this term that are part of our new Sandhurst wide behaviour curriculum. This also includes a focus on being in the correct uniform, which includes clothing, footwear, jewellery and hair. We have been asked to hold high expectations for this and will be reminding the students daily. Petra has put plenty of information in the newsletter that went out on Wednesday in regards to this, please take the time to read all of it.

Our Mass for Mothers and stall will be on Friday 9th May. Everyone is welcome to attend Mass at 9:15am and we look forward to celebrating with you all.

We have plenty of exciting events on, including the Athletics Carnival in Week 4, our Grade 2 local excursion in Week 6 and Jet's Gym at the end of June. Please keep an eye on PAM for the information and permission notes for these events.

We will also begin sending home a simple spelling homework sheet to support the students with their spelling learning. Practise sheets will be sent home at the beginning of each week.

Please contact us if you have any questions (email addresses below).

We are looking forward to another action-packed term!

- *Marcia, Christine & Molly*

OUR TERM 2 LEARNING INTENTIONS

Religious Education

- We are learning to recall stories about Jesus and his life from the Bible.
- We are learning about the sacrament of Reconciliation and God's forgiveness.

English

- We are learning to write recounts.
- We are learning to write information reports.
- We are learning to apply spelling rules and spell tricky words.
- We are learning to use nouns, adjectives and verbs.
- We are learning to read accurately, fluently and with expression.
- We are learning to understand and respond to text.

Mathematics

- We are learning to understand place value with 4-digit numbers by representing, comparing and ordering numbers using manipulatives, number lines and partitioning.
- We are learning to use uniform informal units to measure and compare shapes and objects (length, capacity, mass).
- We are learning to further our addition and subtraction skills with doubles facts, fact families, mental calculations and regrouping.

Inquiry

- We are learning how things change and how they stay the same over time and the impact it has on us and others.
- We are learning about significant people and places in Bendigo.
