

The Tamworth & District Career Advisers
Network (TADCAN) in partnership with the
Rotary Club of Tamworth First Light
enthusiastically invite you to join us for a chat
with training providers, UAC and many other
organisations at our
Parent's Careers Night

Tuesday 14th May 2019

**Calrossy Anglican School, William Cowper Campus,
242 Moore Creek Road, Tamworth 6:30 – 8:30pm**

The evening is a wonderful opportunity for you to ask questions and have 'one on one' conversations with universities, TAFE, other training organisations and other key people so that you are 'in the know' when talking about your child's education and career plans

There will be a brief presentation delivered by the University Admissions Centre (UAC). The majority of the evening will focus on the high quality and varied conversations you can have with institutions locally, from Sydney and elsewhere. Because the focus is on the conversations, we will set up tables surrounded by a few chairs to create a cozy chat space for you and the training institution you wish to catch a chat.

Looking forward to seeing you at the Parent's Careers

Thank You,

Charles Impey
(Calrossy Career Adviser, TADCAN Member & Northwest Regional Careers Expo
Committee Member)
