

# New electricity meters

---

## **Cowell Electric are installing new Smart Meters for SA Government in Murputja**

### **When?**

New Smart Meters will be installed in all houses, businesses, and other buildings in the Murputja community between 23/4/21 and 4/5/21. **The power will go out for about 2 hours while the meter is being installed.**

### **Why are the meters being changed?**

The existing meters are old and not working well anymore. New Smart Meters are being installed to replace the old meters. Smart Meters can send information through the mobile networks, so they don't need to be read by a meter reader anymore.

### **What do I need to do?**

You need to make sure there is safe access to your meter. Please make sure the area around your meter is clear and that there is nothing around that might be dangerous for the meter installers. **Let us know if you have dogs or pets that need to be taken care of while the meter is being installed.**

If you have any questions or would like more information about Smart Meters, please contact Cowell Electric on 1800 805 020 or [accounts@cowellelectric.com.au](mailto:accounts@cowellelectric.com.au). You can also email SA Government at [dem.raes@sa.gov.au](mailto:dem.raes@sa.gov.au).
