

Term 4 report 2022

Throughout the past few months, we have had lots of fun coming to the end of the year and celebrating all the holidays and events within Cranbourne South PS. With so many new families attending we have been able to make lots of new friends, get to know more students and welcome in the new families attending the service.

We have had a huge rise of number of students attending Before and after school care allowing lots more fun to occur. During term 4 Keisha has been able to step up and help within the service as Donna has had to complete other duties as Mentor Coordinator.

We have been able to have lots of fun outdoors as the sun has been shining in the afternoons allowing us to spend time outdoors. We have made many crafts together with Christmas approaching so quickly, we have played many new games with one another and ate lots of delicious food.
