

## TARNEIT P-9 COLLEGE

Dear Parents and Carers,

Following the advice from the Victorian Chief Health Officer this week, we look forward with anticipation to the return to face-to-face teaching later in this term. Our Year 6 and 7 students will return to school from Tuesday 9 June. I would like to thank all of our students and their families for their extraordinary work and dedication during this period of significant change. I am really proud of all of the work we have achieved during these challenging and difficult times. Teachers and students have learnt lots of new skills that will change the way we work for the better.

This week I had a presentation for students and parents about transition from Year 6-7. To view the video presentation and for information on completing the preference form, please visit our website on the following link <http://www.tarneitcollege.vic.edu.au/enrolments.php?id=31>

A reminder to parents that the preference form must be returned via email to [enrolments@tarneitcollege.vic.edu.au](mailto:enrolments@tarneitcollege.vic.edu.au) no later than Friday 29 May.
