

December 2021

Dear Business Owner / Property Owner

Clyde Road, Berwick – road and rail closure

The Victorian Government is removing 22 dangerous level crossings, including the one at Clyde Road, Berwick as part of a \$15 billion investment to upgrade the Pakenham line that will make it level crossing-free **by 2025**.

We'll work around the clock from **12am Monday 10 January 2022 to 11.59pm Sunday 20 February 2022** during a closure of Clyde Road and the Pakenham line. During this time we'll remove the level crossing and boom gates, install a new rail bridge, signalling equipment and track, dig out the new road underpass, create the new road surface and build shared use paths.

What to expect

- Closure of Clyde Road in both directions and some local streets.
- Reduced speed limits and increased travel times around the area.
- Increased heavy vehicle activity, construction traffic and construction workers moving through the area.
- Noise, dust, lighting and vibration from construction works.
- Changes to travel on public transport.
- Vehicle, pedestrian and cyclists detours.

Works will take place 24 hours a day within the rail corridor and along Clyde Road during these times. We'll notify impacted residents and businesses directly and minimise impacts where possible.

Traffic changes

- **Clyde Road** will be closed in both directions between the level crossing and the Langmore Lane/Mansfield Street intersection from **12am Monday 10 January 2022 to 11.59pm Sunday 20 February 2022**. Detour via Princes Highway/Freeway (M1) interchange or Princes Highway/Beaconsfield interchange. See detour map on page 3.
- **Reserve Street** will be closed at Clyde Road, detour via Langmore Lane, Gloucester Avenue and Reserve Street. Local access for most residential properties and Little By Little Café will be maintained via the detour route.
- **Jane Street** will be closed between Clyde Road and Evan Street. Detour via Mansfield Street and Evan Street. Local access only for residential properties and businesses maintained via the detour route.
- **Enterprise Avenue** will remain open at all times, under changed traffic conditions.
- **Berwick Station southern car park** remains closed to vehicles until early 2023.

Traffic controllers will be in place to help motorists move safely through the area. Allow extra travel time and expect delays.

Buses replace trains on the Cranbourne and Pakenham lines

Buses will replace trains at various times across the network as we work to upgrade the Cranbourne line and remove level crossings over the summer period. Details will be confirmed at a later stage.

Up to 280 car spaces will also be closed in Berwick Station northern car park to enable train replacement bus services to safely operate.

Changes to your bus services

The following bus stops will be closed between **12am Monday 10 January 2022 to 11.59pm Sunday 20 February 2022**:

- Clyde Road northbound outside Berwick Healthcare
- Reserve Street westbound
- Reserve Street eastbound

During this time buses will operate from the following locations:

- the existing northern interchange at Berwick Station
- a temporary bus stop on the southern side of Berwick Station along Kangan Drive outside Chisholm Institute.

To see all affected bus routes and plan your journey, visit the **PTV website** ptv.vic.gov.au or call **1800 800 007**.

Pedestrian changes

During the closure of Clyde Road, from **12am Monday 10 January to 11.59 Sunday 20 February 2022** the following pedestrian changes will be in place:

- access across the Clyde Road level crossing between Enterprise Avenue and Reserve Street will be closed
- access to Berwick Station via Clyde Road will be closed.

To travel between north and south of the level crossing or to access Berwick Station, pedestrians and cyclists can detour via Reserve Street or Kangan Drive (Kangan Drive will be accessible via ramp access).

Local pedestrian access to businesses and properties remains open. Traffic management and detour signs will be in place to help you move safely through the area.

See detour map on page 3.
