Special Announcements

OLA OSHClub - Holiday Program

We are super proud to announce that our OSH is officially part of the Holiday Program planning team. We select and create the school holiday program activities for the state of Victoria!

Community Projects

Family & Community Engagement

For this Term we have reached out to Mums supporting Families in Need, this is a charity organisation that collects baby items such as clothing, formula, and children's toys. We are waiting to hear back from them to start collecting donations.

We are also organising to collaborate with St. Vinnies and do a big cookout to support the people in our community without a home. This is a project we also did last year, and they were so grateful for our help.

We will keep you informed of how you can help our local community.

What's been happening...

Welcome back!

Hello to our families and children!

Welcome back for Term 3! It has been such a busy time for OSHClub, we were so happy with the attendance during the Holiday Program with 40 children booked in on the 1st day! The children were so interested and engaged well in all the activities planned as well as during our incursions and excursions. We had positive feedback from families and children, and we are already planning the Spring activities.

This past week, we have ordered new resources to revamp our Indoor environment and freshen up our displays. We critically reflected on what our goal for this term will be, and we decided to promote Healthy Eating and Physical Activities while at OSH.

We are currently waiting for the new FOMO Clubs to roll out for this Term, and we will keep you updated on which ones the children will choose. We have had a sneak peek and they look amazing!

With the Increase of Covid cases once again, we strongly recommend children to wear facemasks once indoors and follow hygiene practices and social distancing. If your child is unwell, please keep them at home. Let's work together to prevent the spread.

See you all soon, have a great day :)
