Dear Parents and Guardians,

INTRODUCING SCHOOL APP tiqbiz

The College is always looking for better ways to communicate with families. Besides our website, email and text messages, we wanted to find a way of bringing everything together in one place on a device you use often – your mobile phone.

To this end, we are introducing **tiqbiz** as the new communication method for our school. It offers everything in one place. This includes easy access to the following:-

- Absentee advice

- Notices

- Instantly receive the newsletter once it's published

- Newsfeed – per class activity group and whole school for emergencies or exciting events

- When necessary – two way communication

- Uniforms lists

- Parent-Teacher Interviews

- Other useful information will be added in the future

Everything in one easy location on a device that travels with you!! We can even ensure you receive timely reminders about upcoming information targeted at your child's class, so you don't always need to read through things that don't apply to you.

The **tiqbiz** app works on a range of smartphones and tablets, laptops and desktops. It isn't limited to just the iPhone or iPad making it a great tool for everyone.

You will be able to download the app from www.tiqbiz.com.au or through App Store or Google Playstore. We have included a small flier to help you get set up with **tiqbiz**. Once you're in the app, you'll need to find St Andrews Christian College and select the class or classes that applies to your child/ren. The easiest way to do this is to search for **andrew.**

The password to open up these areas is mountainviews.

We hope that you enjoy this new communication tool and find it useful in helping you in your busy lives.

Kind regards,

Tim Farmilo
