

# **Adanac first camp**

**Hi I am Ryder and I'm going to tell you the adventure of my first camp**

**On the bus to school camp I sat next to Josh McKenzie at the very front of the bus and in the middle of the bus was a TV with Willy Wonka playing. The bus trip was one hour and thirty minutes to go to the camp.**

**You got in activity groups. The activities were water slide, camp cooking, low ropes, hut buildings,**

**Photo hunt, disc golf, canoeing, archery, block buster and Bob Barbarian. My favourite was the water slide because when you went down you got goose bumps and the end is so refreshing.**

**I got in a cabin with six people Seb, Bodie, Noah, Arda and Daniel all the beds were bunk beds. Daniel slept on the top I slept bottom.**

**The meals were so delicious and they always had many choices of what we ate, but before we ate, our duty group set and cleaned Tuesday dinner.**

**On the first night of Adanac was the disco. The disco was after dinner in a large room. I went to the quiet place to**

**play Foosball with my friends. On the second night was movie night. We watched Like Mike which is a movie about a pair of basketball shoes that had powers when you wear them.**

**The best part of camp were all the activities and all the free time activities that you could play. Most of the meals where good. The only part I would change would be is I would've rather be in a smaller cabin with my good friends than be in a big room because it was hard to go to sleep because everyone kept on chatting when I was trying to go to sleep.**

**The teachers that came were Miss Tilley, Miss Diggins, Mr Farmer, Ms Grant, Mrs Ball, Mrs Levine, Mrs O'Brien, Mrs Hall, Miss Jenny and Janine. They were all lots of fun and were so helpful on camp.**
