Registration is essential – register at [Open Day – Register & Discover Collarts](#).

**A NEW
SCHOOL OF
THOUGHT®**

Bachelor of Data Science

The ***Bachelor of Data Science*** is designed for students with an interest in *statistics, data analysis, machine learning* and *software development*. The course has an industry-focused curriculum with a focus in practical expertise.

With market information and technology evolving at great speed, skilled professionals are needed to transform data into actionable insights for business. The Bachelor of Data Science is designed to meet this demand and give students the tools to analyse trends for business success, and launch a career perfectly aligned to industry needs.

Students will gain targeted expertise in:

- mathematics and statistics
- exploratory data analysis
- machine learning
- regression
- classification
- clustering techniques
- text analytics
- image and speech processing.

The VCE entry requirements are the completion of the VCE or equivalent, Units 3 and 4: a study score of at least 25 in English (EAL) or 20 in any other English, plus a study score of at least 20 in Mathematics (any).

Find out more about this course at [Bachelor of Data Science](#).

Bachelor of Politics, Philosophy and Economics

Recently introduced, Deakin's ***Bachelor of Politics, Philosophy and Economics*** focuses on how power, ethics, sustainability and economics converge to shape our lives. Built by leading academics and researchers, this course is designed for deep and creative thinkers looking to make an impact on society.

Students in this course get to enhance their career prospects via exciting real-world experiences, including *internships, volunteer placements* and *study tours*. Plus, there is the opportunity to collaborate on team-based industry and community projects, and to take part in Deakin's global experiential learning programs.

Find out more at [Bachelor of Politics, Philosophy and Economics](#).

What does a Computer Systems Auditor do?

The [Good Universities Guide](#) states that a **Computer Systems Auditors** are involved in the *design and monitoring of control systems, which ensures the accuracy and security of data. They also review an organisation's computing environment and the use of their computer facilities. Computer systems auditors provide managers with expert opinions about the reliability of results and operations of computer systems. It is essential that computer systems auditors understand both the accounting and information technology implications of computer systems.*

Successful **Computer Systems Auditors** –

- Are interested in business
- Have accuracy and attention to detail
- Are logical and analytical
- Have good communication and interpersonal skills
- Have good leadership skills

To become a **computer systems auditor**, students usually have to complete a degree in *information technology, accounting, commerce, information systems or business information systems.*

Outdoor Leadership Course at Holmesglen

Holmesglen offers the [Certificate IV in Outdoor Leadership](#) course – *perfect for students who loves the outdoors.*

With the demand for outdoor guides in Australia at an all-time high, this Free TAFE course is a perfect steppingstone to employment.

This course prepares students for the outdoor education/adventure industry and focuses on training learners to assist or guide a wide range of outdoor activities.

Specific skills are developed in bushwalking, canoeing, white water rafting, challenge high ropes, rock climbing, and abseiling. The course is ideal for students with a strong interest in the outdoor environment and a sense of adventure. Having the opportunity to work in the outdoors and facilitate enriching and life-changing outdoor experiences for other people is a fantastic lifestyle.

Students can go on to work as an Outdoor Guide, Outdoor Education Group Leader, Activity Leader, Adventure Tourism Guide, Bush and Adventure Therapy Worker, etc. Alternatively they may choose to continue studying and enrol in the [Diploma of Outdoor Leadership](#).

Snapshot of Australian Catholic University in 2024

- ACU has over 32,000 students nationally spread over seven campuses across Australia and a campus in Rome - [ACU Campuses](#).
- ACU is ranked equal 7th in Australian for graduate employer satisfaction, with more than 95% of its graduates finding employment within 4 months of graduation, and is ranked 2nd in Australia for education, and 14th in the world for nursing - [Excellence at ACU](#).
- Besides its wide range of institutes and centres, ACU has four faculties –
 - [Education and Arts](#)
 - [Health Sciences](#)
 - [Law and Business](#)
 - [Theology and Philosophy](#)
- [Student Accommodation](#) is offered at a number of the ACU campuses.
- ACU has relationships with more than 200 universities and educational institutions in the Americas, Europe, Africa and Asia, with over [25% of](#) bachelor's degree students travelling overseas during their studies. Students can attend an overseas university in more than 35 countries, complete international internships, and work in community programs around the world – all while receiving credit towards their degree - [Study Abroad and Exchange and Study Overseas](#).
- Community engagement is also a core part of every student's experience at ACU, to the point where it's embedded within its courses. This allows students to give back to their communities and make a difference through opportunities such as volunteer experience programs - [Community Engagement](#).
- ACU has a number of alternative admission pathways including the recently launched ACU Guarantee. The ACU Guarantee program offers eligible Year 12 students a place at ACU based on their Year 11 results. Of course, the final exams still matter – and students still need to finish Year 12 to validate their offer - [ACU Guarantee](#).
- ACU has an Elite Athlete and Performer Program (EAPP) which has been designed to support and encourage elite student athletes in managing both areas of their life to ensure that they achieve their goals. Elite athletes and performers have access to a range of support services, academic resources, and funding opportunities - [Elite Athlete and Performer Program](#).
- ACU offers many [courses](#) and introduced a number of [new courses](#) recently.
