

# **SkillUP 2022**

*Year 8 Parent Partnership Program*

# What is it?

We're looking to enhance our learning skills in 2022 and make connections with parents.

When it comes to your learning, how often do you recognise the skills you are using?

For our **SkillUP** project we are going to combine skills based activities with parental participation over the next 8 weeks. If you were going to learn a new skill with your child, what would it be?

How would you figure out what to do?

Who could help you learn?

How will you know when you've achieved your goal?
