

# Clickview – How to access programs

**Clickview** is a video learning application of streamed programs so teachers and students can access curriculum related video material to assist with their studies. Students can access **Clickview anytime in or out of school once they have internet access and can sign in through Compass.**

## 1. Sign into Compass

Select the star menu and choose **Clickview Sign On** from the drop down

## 2. Sign in and tick “Keep me signed in” to save your password

A screenshot of the Northcote High School sign-in page. The page has a blue header with the school's name "Northcote High School". Below the header, there is a sign-in form. The form includes a text input field for the email address, which contains "someone@example.com". A purple arrow points to this field. Below the email field is a password input field labeled "Password". Below the password field is a checkbox labeled "Keep me signed in". Below the checkbox is a blue "Sign in" button. At the bottom of the form, there is a purple-bordered box containing the following text: "Sign in with these credentials:", "Username: northcote\your-Compass-username", "For Example: northcote\abc0001", and "Password: your Compass password".

### 3. Clickview front page

Libraries Workspace Playlists

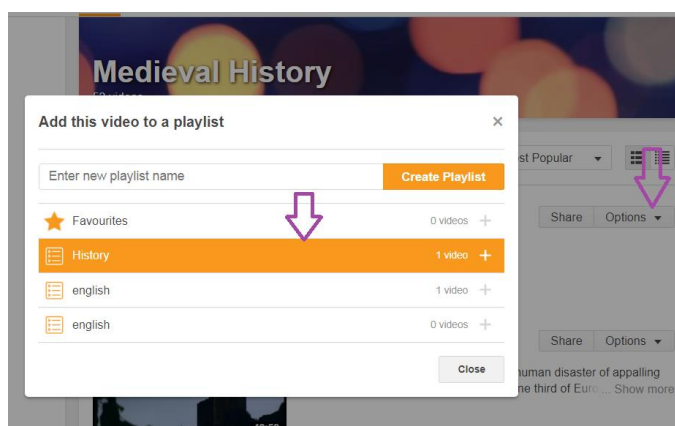

Search...

**Libraries** - NHS school library has 5,000+ videos chosen by the teachers, these are organised in the folders on the left. They can also be accessed by clicking on the images with the subject in A – Z order.

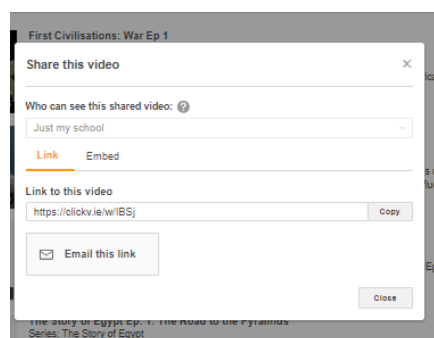

**Workspace** - Workspace folders are a fantastic way to organise your personal video content.

**Playlist** - Save your favourite programs or group them in a subject folder.

Select **Options > Add to a playlist** and then either Favourites or set up a folder – in this example a History folder.

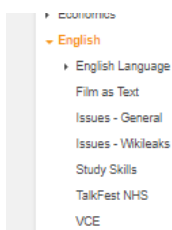

You can also share a program with a friend by emailing the link.

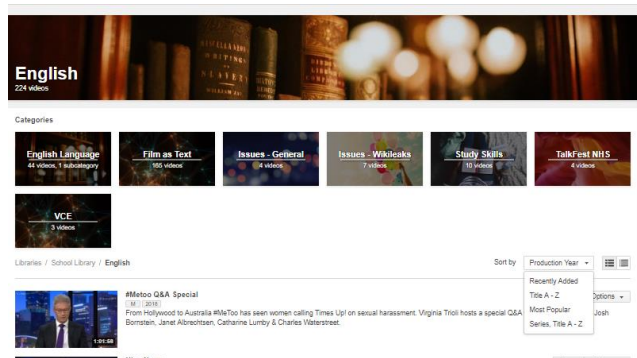

### 4. Finding a program

You can find a program in the Clickview library in two ways.

- If you know the title you can type it in the search box on the toolbar from any page.
- If your teacher has told you the program is in a folder you can select the subject folder. Then sort by the options on the drop down menu.

Example : English - there are 7 sub folders in English.

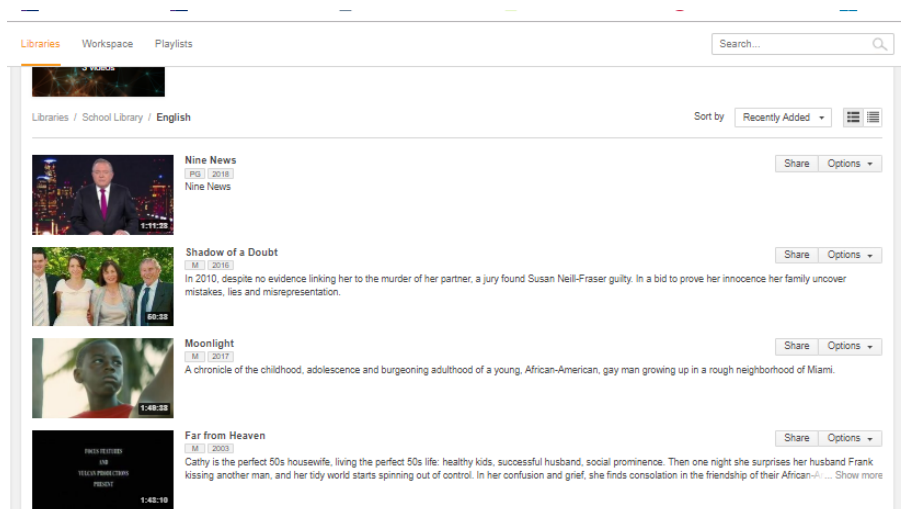

Sort dropdown menu - select from:

- Most recently added
- Title A - Z
- Most popular
- Series A –Z
- Production year

## 5. Program information

Each program has an image, title, length of program, rating, year of publication, short description and some have a series entry.

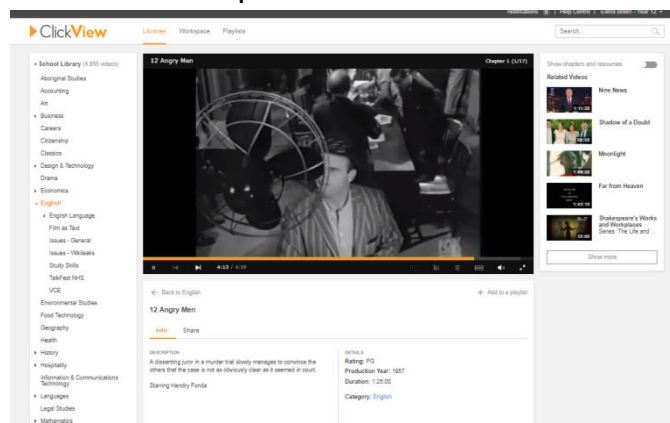

**Program ratings and access is set by year level.**

**E, G, PG - years 7 to 12**

**M, M15+, MA - years 10 to 12**

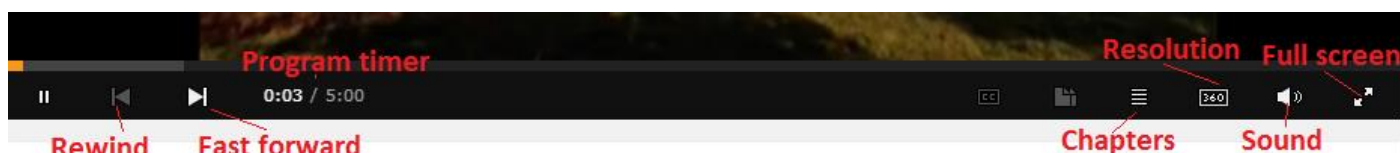

## 6. To view a program - click on the image or title

Each program has a list of related videos in the right hand window for further viewing on the topic.

Below the image is a description of the content and program information. You can also add this program to your playlist from this screen, or use the back arrow to return to the subject folder.

Hover your mouse over the bottom of the screen to initiate the toolbar.

If you have any problems accessing Clickview or a program is of poor quality please report it to the library staff.
