

Dear parents and carers,

I'm writing to let you know that a person with COVID-19 was on our school site while infectious.

Date positive case reported:	07/02/2022
Impacted Areas	STEM & Outside Yard areas (Friday) Working Bee (Saturday)

What you need to know

If your child is not experiencing COVID-19 symptoms, they can continue to attend school, but you should monitor for symptoms.

Students who show symptoms of COVID-19 cannot attend school and should get tested immediately and isolate until they receive a negative result.

Students should continue with twice-a-week rapid antigen testing on school days.

Students who have recovered from COVID-19 do not need to participate in surveillance testing for 30 days after their isolation period has ended.

For information on symptoms visit: <https://www.coronavirus.vic.gov.au/symptoms-and-risks>.

For more information on how to get tested visit:
<https://www.coronavirus.vic.gov.au/taking-test-covid-19>.

If your child returns a positive result, your child has COVID-19. You must:

- quarantine your child for seven days
- advise the school about the positive result
- Your child must stay home until their symptoms have resolved and they are well
- Everyone in your household is a close contact and must isolate for 7 days.

Reporting your child's positive test

If your child was at school when they were infectious you need to report the positive case through the [Student COVID-19 Test Portal](#) or you can notify the school in writing or by phone.

You must also report your child's positive test to the Department of Health via the [COVID-19 Positive Rapid Antigen Test Self-Reporting Form](#) or call centre on 1800 675 398.

Further information for languages other than English

- For school information in languages other than English, call TIS National on **131 450**.
- For translated written information about COVID-19, please visit: [Translated information about COVID-19 | Coronavirus Victoria](#).
- Please ask them to call the DET COVID-19 hotline on **1800 338 663** and they will help interpret.

- For health advice in languages other than English, visit [www.coronavirus.vic.gov.au/translated-information-about-coronavirus-covid-](http://www.coronavirus.vic.gov.au/translated-information-about-coronavirus-covid-19)
