

KELLY CLUB AITKEN NEWSLETTER TERM 3

Over the past fortnight the children have been engaged in a lot of fun and educational activities. One of the theme's we have been learning about was Sustainability. In our group discussion time, we discussed what that means, why we do it and ways we can be sustainable. Some of the activities for the week included: planting, creating awareness through posters and colouring competitions, creating things out of recycled materials, making tornados in plastic bottles and watching nature videos. The children demonstrated great respect for the environment, and we will continue to do everything we can to be more sustainable at the program.

It was also the Year 5's turn to pick the activities for the week, they chose basketball, marshmallow ice creams, drawing flags and taking part in a scavenger hunt. The most popular activities this week were the scavenger hunt, and the marshmallow ice creams. The children showed great teamwork while they worked together collecting items, they needed to complete the scavenger hunt.

In the next coming weeks, we will be having a food themed week and then celebrating book week!

Reminder:

If your child is attending on a regular basis, please ensure you are making permanent bookings. If our numbers are at capacity for the day, your request may be declined.

Also, please ensure all of your children's clothing is labelled clearly.
