School Starters @ DPS 2023

Doncaster Primary School
Aiming High

We offer an extensive transition program for the children starting Prep at Doncaster Primary School in 2023.

They will engage in a variety of activities with the Prep teachers in the Prep classrooms. This provides an opportunity to become familiar with Doncaster Primary and to feel at ease and connected to their school environment and peers.

The transition program is an essential step in ensuring a smooth start to school.
