About our Avegates School Holiday Program

- The success of the Avegates School Holiday program has seen it grow, and it is now operating at a number of locations across Queensland.
- The program is designed to provide our customers with a range of fun activities that enable social skills development, and connection through positive friendships and relationships with their peers.
- Each day of the program offers new activities and experiences for all children attending. Activities have been developed with NDIS goals in mind and are designed to encourage all attendees to have an amazing time and make some great new friends!
- We have fantastic fully qualified support staff, who all have current Medication Administration Training, Advanced First Aid and CPR, and Blue and Yellow Cards.

"It's comforting to know that when I pick Josh up at the end of the day, he is excited and has obviously had a fun day.

"The program is tailored to Joshua's needs and has a good variety of activities so I know Joshua is well cared for while giving the rest of my family great respite."
