

Living in Bass Coast?

IN PARTNERSHIP WITH:

Want to have a say in Community projects?

Council works on many different projects across Bass Coast Shire, and we want more young people aged 6-12 to have a say on the issues and places that matter to them.

This could include:

- planning or upgrading public spaces
- helping shape the design of new buildings and community facilities
- being involved in projects that affect places you use
- sharing your views on decisions that impact young people in your community

We also want to understand how Council can make it easier for young people to get involved and provide feedback.

We'd love to hear from you

If you are a young person aged 6-12, or a parent or carer of a young person, we'd like to hear your ideas.

Complete the survey by scanning the QR code

OR

Register for the online session on 10 September at 6pm by scanning the QR code.

Participants will go into the drawer to win one of four TEEN vouchers valued at $50 each.

Your feedback will help us create better opportunities for young people to have a voice in Council projects and civic matters.
