

## **OPEN NIGHT FEEDBACK 2022**

- Great school – clean & neat, lovely children, Thanks ☺
- I think it was really good because we got to view most of the school and everyone got samples of the pizza in food technology. My kids want to go/attend here
- Really enjoyed the tour. Especially enjoyed the hands on activities. It would be really useful to know what a typical day looks like and have a run down of all the subjects offered for each semester/year. Thank you
- Great tour and very welcoming feel. Both teachers and students very passionate

- We did complete the Open Tour but missed getting all the stickers. Great and informative tour; learnt so much; teachers very approachable and friendly. Great school!
