UNSW HSC Maths Course Selection Advice

While we encourage everyone to study the level of maths at which they feel sufficiently challenged, below are some guidelines for the minimum level of maths required for some of our degrees. Please also see Assumed Knowledge for more information. Studying at least HSC Mathematics Extension 1 will leave your options open when you choose your university degree. Knowledge of mathematics is a useful skill in any profession, even if it is not required for a particular course. No doubt, you will have to use mathematical tools such as graphs and statistics for the rest of your life. Learning mathematics also teaches you to approach problems in a systematic and logical way. This is a transferable skill that is particularly important in project management and it is an important skill for life.

<https://www.maths.unsw.edu.au/highschool/hsc-course-selection>

Reminder - Experience It! for Girls Years 7-10, University of Wollongong

5 July

Monique Alfris, Co-Founder, Pollinate Energy will open this Conference for female students who love Maths & Science -Years 7-10. She provides safe light to millions of homes. You can make a difference too - learn skills and have fun. No registration Fee. Bursaries assisting travel & accom / Parent & Teacher sessions / School groups.

Contact: nswregistration@engineersaustralia.org.au or 9410 5652.

University of Wollongong – Year 11s Engineering Studies Days

6 and 7 November. 9am to 3pm

Engineering building 4, Atrium, Northfields Avenue, Wollongong

The Faculty of Engineering and Information Sciences at the University of Wollongong is once again offering Engineering Studies Days. Year 11 students enrolled in the NSW Engineering subject or any Year 11 ACT students enrolled in engineering or engineering related subjects are offered the opportunity of enhancing their knowledge of and skills in engineering by attending one of the 2019 Engineering Studies Days.

<https://news.eis.uow.edu.au/event/engineering-studies-day/>

ACU Parent Information Night

Strathfield, Thursday 25 July, 6pm – 7.30pm

North Sydney, Thursday 8 August, 6pm – 7.30pm.

Is your teen thinking about university study? Want to know how you can assist them? Join us to hear from staff and students, learn about the application process and discover how we can help you and your teen get ready for university.

ACU Open Day

Deciding what to study is a pretty momentous decision. That's why we run open day – it's everything you need, in one place, to help make your choice. Open Days will be held across NSW and ACT throughout August and September. For event dates and to register, visit:

<https://www.openday.acu.edu.au/>

WSU - Bachelor of Music Early Entry

The early offer pathway into the Bachelor of Music is now open! To be eligible for this, students need to book in an audition through the Western Sydney University online booking system. For more information, please visit:

<https://www.westernsydney.edu.au/future/study/how-to-apply/music-applicants.html?cid=em:2019musicauditions-group1>

Study Engineering Online with Southern Cross University from 2020

Study a Bachelor of Engineering with honours in civil, mechanical or coastal systems engineering at Southern Cross' Lismore campus or through the interactive online learning platform with residential schools. Visit

<https://www.scu.edu.au/school-of-environment-science-and-engineering/engineering/>

UOW College Australia Now Accepting applications for 2020

UOW College provides pathways to the University of Wollongong. We offer uni preparation courses to support students and progress to university studies. We also provide VET courses for students seeking work-ready qualifications in Nursing or Fitness. These can also be used for a direct pathway to a bachelor level study. Find out more at below or email madeling@uow.edu.au.

<https://www.uowcollege.edu.au/>

UOW - How neutrons will save the world - 2019 Women in Physics Public Lecture from the Science Space

Friday 9 August. 6:30 pm – 7:30 pm

Science Space, 60 Squires Way, North Wollongong [View Map](#)

The School of Physics at the University of Wollongong, along with the Australian Institute of Physics is presenting a FREE Public Lecture, proudly hosted by the Science Space.

Come along and listen to Dr Helen Maynard-Casely, from ANSTO.

Dr Casely's expertise is in the study of small molecules and ices under pressure – she completed her PhD in High Pressure Physics at the University of Edinburgh. She is currently working as an instrument scientist for the WOMBAT high intensity powder diffractometer. Much of this work is motivated by the wish to understand the interiors of planetary bodies.

<https://www.eventbrite.com.au/e/2019-women-in-physics-public-lecture-hosted-by-the-science-space-tickets-62957756344>

National Art School Open Day

7 September

At the National Art School, we believe that an artist's role is to think creatively and critically about the world through the making of art. We offer you the opportunity to shape your future as a forward thinking artist in a dynamic, supportive and collaborative environment. If you have an artistic edge, something to say and the desire to create, the National Art School is the place for you.

<https://nas.edu.au/calendar-of-events/>

National Art School Holiday Workshops

Calling all artists from 6 to 18, from beginners to HSC students – school holiday workshops are now on!

With small groups, individual attention and an emphasis on creativity and experimentation, the NAS holiday programs are a great way to begin or extend a life in art. There are even specialist classes for high school students who want to extend their learning outside the confines of a classroom.

All classes take place in a creative studio environment and are given by artist-lecturers who have a deep and practical knowledge of the endless possibilities art offers to young people. Programs are offered in drawing, painting, ceramics, sculpture, printmaking, photomedia and textiles.

<https://nas.edu.au/product-category/school-holiday-workshops/high-school-workshops-ages-13-18/>

Saturday - Animation

22 June

<https://nas.edu.au/product-category/school-holiday-workshops/saturday-studios/>

TAFE

Get a Dynamic Career with the TAFE NSW Bachelor of Early Childhood Education and Care (Birth-5)

Have you shown a keen interest in working with children? You may have a genuine desire to help our next generation grow and develop. A TAFE NSW degree in this career area is designed to develop early childhood teachers who can integrate theoretical knowledge into practical education and care skills. More info here:

<https://www.tafensw.edu.au/degrees>

Get Set For InfoFest

24 to 28 June

TAFE NSW is opening its' doors for InfoFest again. Check out our participating TAFE NSW locations for information sessions, tours of our facilities and enrolment information for your students.

<https://www.tafensw.edu.au/infifest>

Australian Patisserie Academy

250 Blaxland Road Ryde

Established in 2014, the TAFE NSW Australian Patisserie Academy was designed to give food enthusiasts, culinary professionals, businesses and individuals the opportunity to immerse themselves in the world of patisserie. Utilising the professional kitchens of TAFE NSW, the Academy team alongside international guest chefs, ensure you emerge with a dream patisserie skill set. From perfecting the art of cake decorating to baking the perfect sourdough, pulling exquisite sugar ribbons to creating one-of-a-kind chocolate show pieces, the Academy is dedicated to preserving the art of patisserie.

Classes are short, flexible and constantly changing to reflect industry trends. So whether you're a passionate weekend baker or master chocolatier, there's a course that's your perfect mix. Phone: [02 9448 6222](tel:0294486222)

ACN offers a range of grants open to Fellows and Members who wish to undertake further study. The grants range in value from \$1,000 to \$30,000 and provide opportunities for members to undertake further study at diploma or masters level.

<https://www.acn.edu.au/scholarships>

ANSTO Tour & Public Lecture

The Astro Square Kilometre Array: Australia's International Mega Science Project

Tuesday 25 June

RSVP Sunday 23 June

ANSTO Discovery Centre

In the Western Australia desert, we're getting ready to host the world's largest radio telescope. 130,000 antennas will look back to just after the big bang, seeing the first galaxies as they start to shine.

The event is in association with ANSTO, CSIRO and Royal Australian Chemical Institute.

Come along and listen to Dr Sarah Pearce (CSIRO Astronomy and Space Science). Sarah manages the CSIRO SKA (Square Kilometre Array). Tour and public lecture: FREE

5:00 pm: Tour of OPAL multi-purpose reactor and Australian Centre for Neutron Scattering

6:00 pm: Refreshments

6:30 pm: Presentation from Dr Sarah Pearce

7:30 pm: Optional Dinner at Rocksalt Menai \$50

<https://www.eventbrite.com.au/e/big-science-the-square-kilometre-array-tickets-63027175980>

We Need Country Doctors. Check this and see the great benefits. It will change your life.

If you're considering becoming a general practitioner in rural and remote Australia, you should choose a Fellowship with the Australian College of Rural and Remote Medicine. The paths that take you to Fellowship will help you become truly confident in the knowledge that you have what it takes to succeed in the dynamic context of rural and remote general practice.

We understand that training as a rural generalist is as much a lifestyle choice as it is a medical career. That's why our training pathways and resources fit your life, not the other way around. We offer you:

- flexible study options
- access to training providers across Australia
- ongoing assessment as opposed to a final exam
- ongoing feedback via virtual classrooms
- great job opportunities leading to better pay
- extended skills options in general practice

It's all part of our continued effort to take the isolation out of rural and remote practice. See our easy to understand step-by-step guide to becoming a rural generalist and take the first step on your pathway to becoming a Fellow of the College today.

Rural Training Pathways

Are you going to be a medical Student, Intern, or Registrar interested in becoming a rural generalist? The Australian College of Rural and Remote Medicine offers a variety of training pathways and courses for anyone interested in working in and making a positive difference to rural and remote medicine. Whether you live in the hustle and bustle of one Australia's cities, or half way around the world, the College can help you pave your way to help others in rural and remote Australia.

See below for all locations across Australia for different medical schools and training posts to suit your needs.

<http://www.acrrm.org.au/preparing-for-your-career/becoming-a-rural-general-practitioner>

Positions in Australian Defence Force – Gap Year

Applications for all roles are now open – and will close as positions are filled. Learn more in the FAQs section below. To be eligible to apply, you'll need to be an Australian citizen aged between 18 and 24 on completion of military training (dates vary by job). You'll also need to have completed Year 12 (subject passes required vary by job) and have passes in Year 10 English and Maths. Refer to individual job pages for more information.

Get an exciting 12-month taste of life in the Navy, Army or Air Force, and enjoy full job training, meaningful work and memorable experiences – plus much more. It's an opportunity to get a feel for military life while enjoying unique experiences.

CAA Annual Conference 2019

Conference is being held on Friday 1 November 2019 at Dockside, Darling Harbour, Sydney. Pre-conference activities are being held on Wednesday evening 30 October and Thursday 31 October. This event has booked out every year for many years, and unfortunately, members on the waiting list do miss out. If you haven't already registered, we encourage you to **register now to secure your place at the early bird rate**, and you have until 31 July to pay at the early bird rate. Government schools on LMBR, please note that it may take up to 6 weeks for CAA to receive your payment once your school has processed it. If you have never been to a CAA Annual Conference, please check out the promotional video to see what you are missing out on at <https://youtu.be/TxiUezj3qU0> To register, [click here](#). Members will need to Login first to register at the member rates. If you do not log in prior to completing a conference registration, you will be invoiced for non-member rates. Your website login details appear at the bottom of this email.

enquiry@whitehouse-design.edu.au

Receive your Get Kids into Survey student resources - for only the price of postage! The Get Kids into Survey poster series is a colourful classroom tool - a great way to explore the ins-and-outs of surveying with students. These posters will teach them about surveying tech, jobs and terminology, while prompting conversations about how surveying relates to maths, IT and geography. For the cost of postage, these posters can be ordered here: <https://www.elaineball.co.uk/shop>.
