

PARENTS BUILDING SOLUTIONS

Level 1 Accredited Training for Professionals

Parents Building Solutions provides an evidence-based comprehensive framework for any professional who works with parents, whether it be with individuals, couples or groups. Discover tools to support any parent or carer in any setting including sole parents, couples, step-parents, grandparents, carers and family groups.

The 6-week half-day training includes:

Strength-based tools to effectively engage parents in reflective conversations about parenting.

Tips to support parents with setting boundaries, understanding their child's development, emotional wellbeing, resilience, and positive family relationships

The Tools of the trade - a 390 page Parents Building Solutions e-manual with practical activities and insights to support the emerging needs of parents today.

Development of communication and facilitation skills to best support parents

Who is this training for?

Anyone who works with parents! A wide variety of people have told us they really benefited from this training - social workers, teachers, psychologists, case managers, family services practitioners, volunteers and residential staff.

"The training was both practical and reflective. I learned new ways to communicate with parents and feel more confident discussing tricky topics"- Family Services Worker
