

Kelly Club Aitken Newsletter Term 2, 2022

Welcome back to all for Term 2!

Over the school holidays Kelly Club Aitken operated the Autumn holiday program, which was filled with many fun activities, incursions and excursions.

In week one, the children participated in making real, working clocks, going to the cinemas, making animals out of clay and celebrating Easter, we ate some yummy hot cross buns and had an Easter egg hunt.

During week two of the holidays we did some planting and decorated our own plant pots, went bowling, had a fire fighter attend and set up some circuits, payed our respects to the Anzac's and there were also many arts and crafts activities.

Overall the children really enjoyed the program and the highlights were bowling, Heat kids and writing letters to the troops. The children did a fantastic job and welcomed any new children into the program.

Great work team!
