

Save The Date: Online Safety Resources & Webinars For Parents

This month we wanted to share some invaluable upcoming resources provided by our online safety partner, Safe on Social.

With news headlines about confronting social media concerns happening almost daily, it's important we are educating our students about online safety year round - at home and in the classroom. The topics can feel confronting but Safe on Social has developed a series of invaluable webinars specifically designed to support and empower you. These resources are available by donation to ensure accessibility for all families.

Please take note of their upcoming webinars and we hope you find them helpful:

Empower Your Parenting Skills with Safe On Social

1 July 2024, 7:30pm AEST

Zoom Webinar

Parenting in today's digital era can be overwhelming. Are you finding it challenging to keep up with the constantly evolving apps, online games, and social media platforms? Do concerns about cyberbullying, screen addiction, adult content access and online privacy keep you up at night?
