## Lunchtime and After School Clubs

### Academe Time Growth Program

Academe time separates itself from competitors by instilling our five core values into each and every lesson we deliver. Our growth program is consistent across all our clubs and works towards the following five values with different goals for each age level.

Recognising these achievements through graduations, certificates, bracelets and assessments our students are able to acknowledge their own growth and development as a whole child.

#### Focusing on:

Academe Time works around your school timetable, facilitating public holidays, replacement classes (if requested) and can also offer full day programs on student free days. Giving your families extra special care for those who need it!

Academe Time also offers curriculum-based incursions and would love to chat more about how we can support your school.
