

Changes to Online Communications and apps for Uralla Central School

The School Stream app will be phased out in the next few weeks to make way for two more effective and powerful apps to assist families in knowing about events, their children's learning and providing permission for excursions and paying for events.

The Sentral Parent Portal

We currently have the Sentral parent app and will be using it going into the future.

The Sentral Parent Portal lets you:

- Browse school documents and resources
- Receive your child's report cards electronically
- Be notified of absence, respond to unexplained absences or advise the school in advance of planned absences

Sentral Portal is a useful resource for staying in touch with what's happening at school.

If you have not downloaded this app yet, please do so on your preferred app store and use your unique code to link to your child/children. You would have received this code last year in letter that came home with the children. If you need a new letter, please contact the school to receive an email with this code.

School Bytes

In the very fast paced world we live in, we understand the need for you, our parents/carers to have the flexibility to make payments outside of school hours and furthermore, the ability to receive and respond to communication at a time that best suits your needs.

As a result, we are excited to announce our school will be engaging the services of School Bytes who offers a simplified digital system for school payments and parent/carer communication.

Please download this app from your preferred app store to be able to pay and sign for excursions, notice of activities will also be able to be viewed here as well for your children at Uralla Central School.

As of the 16/2/2026 all notes home and payments will be made and invoiced through this app for students so we need parents/carers to download these apps so they can stay informed on what's happening at school.

Changes you can expect

- The student's Summary of items and payment reminders will be sent directly to parents/caregivers via email.
- Emails will be sent to you from noreply@mail.schoolbytes.education.
- The student's Summary of items email will include the make a payment button that will take you to the school's online payment portal.
- If the activity involves a cost, the make a payment button will allow you to pay securely, quickly and easily via credit or debit card after granting permission (Visa and Mastercard only).
- Online forms including permission notes, will be sent to you directly via School Bytes with a link enclosed. Select the link to open the secure online form.
- The online form will have information about the activity with a section for a digital signature (either with a mouse or your finger) prior to submitting.
