Get your creative, inventive hats on with this fun filled workshop. A Rube Goldberg Machine is a device designed to accomplish a very simple task, via a series of chain reactions, in a complicated and often comical manner. We have gathered a whole range of materials and resources for you to use to create your own Rube Goldberg designs. Perhaps you already have some ideas & things you'd like to bring from home?

Our wonderful artist teacher, Naomi Oliver, will be on hand to help you bring your ideas to life.
