

# CALLING ALL 'BUDDING ENGINEERS'.

You might not be an 'Einstein' but if you like designing and building things you're a 'budding engineer' ! Bring your work to the 'Historic Engineering Expo' and join the fun at the Nhill Aerodrome on Saturday September 18<sup>th</sup>, 10am – 4pm. Free entry, great prizes to be won, and certificates for all who participate.

Build something that is useful, something that moves or something just for fun. It could be a go- cart, or a lego model, an engine, a pencil holder or just a crazy invention, and enter it in the 'Budding Engineers' exhibiton.

During the 'Expo' there will be a **paper plane competition**, as well as a competition for teams of 2 to engineer and build the tallest **straw tower** (you'll be given 100 plastic straws and a strip of blutac).

Make sure you fill out the entry form below and return it to the school, or email it to [lcreek6@bigpond.com](mailto:lcreek6@bigpond.com). by Friday Sept 10<sup>th</sup>

Your constructions can be left at the school by Thursday Sept 16th or brought to the Nhill aerodrome between 3.30pm – 5pm Friday Sept 17th.

A final program for the Engineering Expo will be available by Friday Sept 10<sup>th</sup>. For more information contact Jenny Creek Ph 0417 014 278
