Welcome

Over the next two weeks we will be exploring Antarctica and other Countries with cold climates. We will also be cooking recipes that are popular or traditional from countries that reflect the school community. Learning about the weather in other countries gives children an experience of what it is like to live there and appreciate the difference in people and their traditions and culture. Cooking food from different cultures enables the children to identify with their families and friends and to connect and develop knowledge and an interest of other cultures.

Reminder

Kelly Club require 24-hour notice of all cancellations.

Important Information On The New Child Care Package

Families who are yet to complete their Child Care Subsidy online assessment should do so as soon as possible. If you complete it by 23 September 2018, subject to eligibility, your subsidy will be paid in arrears back to 2 July 2018. Please go to humanservices.gov.au/childcaresubsidy and follow the links to myGov to complete your assessment.
