

Northern Bay College

VCAL Enterprise

Restore, repair & build

For VCAL Enterprise class we selected restore, repair and build as a topic for semester 1. In this class we have refurbished dining tables, bedside tables and drawers, by simply sanding back any old varnish, paint or imperfections, cleaning up, and recoating with paint or varnish until it reaches a desired look. Skills we used and built on the way include communication, team work, attention to detail, and good time management skills.

The products detailed in this newsletter are available for purchase between Tuesday 9am -1pm and Thursday 11:15am-1pm at 3-25 Goldsworthy Road, Corio 3214 VIC Australia. These items can be paid for with cash or by card on request. Contact myself if you have any queries or questions.

Your sincerely, **Jarrold Ganly (Senior VCAL student)** - gan0002@nbc.vic.edu.au

P.S. Please include our teacher **Spike Matthews** - Spike.Matthews@education.vic.gov.au in any emails.

Cream coloured bedside drawers/tables

Price: \$50 ono

Nice looking bedside tables with draws great for storing clothes, even hiding snacks away from your family. It's painted a nice cream chalk colour and it really stands out. It's different from all the others I've seen.

Group members:

- Sebastian Luscombe
- Kallum shields
- Joel Sawbridgeworth

Time spent: 2.5 weeks

Contact details:

- Sebastian Luscombe - LUS0001@nbc.vic.edu.au
- Spike Matthews - Spike.Matthews@education.vic.gov.au

Dimensions:

Depth- 445 mm

Height - 670mm

Width - 450mm

Matte black bedside drawers and tables

Price: \$50 ono

I had spent approximately the first 4-5 weeks of term 2 in my enterprise completion of my project which was completed by hand with the refurbishments made and done by me during class/school hours. As I did this alone it took a bit longer but in doing so I ensured that the project was done right and has come up nice and neat.

Project Manager: Rhys Alford

Dimensions:

Depth - 412 mm
Height - 620 mm
Width - 416 mm

Stained dining table

Price: \$100

A nice smooth stained table. The group sanded it back then we stained it and then we put gloss on it and it looks good. It took 2-3 weeks to complete.
