

TARNEIT P-9 COLLEGE

Dear Parents and Carers,

Our Year 8 and 9 students have been busy with their remote learning and teachers have been continually finding new and innovative ways to deliver lessons and creative ideas for students to present their work. We understand that it's a challenging time for students to motivate themselves without their peers and the physical presence of their teachers, however with our online presence and your support, our students will build on their level of independence and become active agents of their own learning.

Our Year 9 students have started their transition process in to their senior years of schooling. For all our parents and carers of Year 9 students, please remember to fill out their transition documents that were sent via email and Compass last week. Also, as our Year 9 students continue to explore possible career pathways, please remember to provide consent for their Careers Insight Program on Compass. This program will help our students identify suitable career pathways by highlighting each individual's strengths and interests and provide a one on one counselling session with a dedicated career counsellor from CEAV (Careers Education Association of Victoria).

We look forward to seeing more amazing learning that our students are completing over the next few weeks and excited to see our students in the not too distant future.

Kind Regards,

John Eskander

Assistant Principal Years 8-9
